Sheephandlertraininghjmac

## HOW TO GET THE BEST OUT OF YOUR NEW SHEEP HANDLER

With the Supahandler we offer a Training day. This day involves one of our team members assisting you for a day. If you bought the unit at full price this training is part of the purchase. If you have received a discount or bought a second hand or ex trade/demo unit there is a cost.

This day will mean you will fast track learn how to get the best out of the unit and learn some very fast and quick ways of using the unit to its best advantage. We are confident that if you choose to include this day in your purchase of the unit you will increase your speed of handling by at least 50% and be on an operator confidence level which may otherwise take several days use and some trial and error.

We will come to your farm at the location where you are going to be working and assist you for the day. We will give you free advise in best set up and teach you tricks to get the sheep to flow without you having to do all the hard work.

We will however no redesign your yards or make alterations to this on that day. Nor will we do 10.000 sheep. We will do a maximum number Of 200 sheep and focus on training you hand one so you gain experience. Speed is not a criteria in this training, skill is.

Cost travel cost depending on location min \$100.- Max \$800.- and the training fee of \$1150.- + GST where we may need accommodation we ask you either provide this or pay for this. Up to 2 person may attend the training, for a 3<sup>rd</sup> person we charge an additional fee of \$200.-

Bookings are essential to be made approx 2-4 weeks in advance
